Program Description:
The new P.D.P.M. payment system for Part A Medicare claims requires significant coding, documentation and functional scoring from the MDS 3.0 database. This session will review the changes in coding directions, items impacting payment calculations and the structure of the MDS documents. A must do session for operational and clinical professionals as well as MDS managers. The P.D.P.M. payment system uses a large number of items on the MDS 3.0 that have not impacted payment rates in the past. This new complex payment process requires all IDT members to understand the directions, definitions, and coding instructions in the RAI manual. This session will help all operational and clinical professionals have a better understanding of the documentation required to achieve accuracy and proper payment levels. The draft MDS 3.0 to be implemented October 1, 2020 has been released and will be reviewed. This is a must do session for operational, administrative, financial and clinical professionals.

This session will include:
1. Identify the data elements that impact the P.D.P.M. rate calculation.
2. Review the changes in the documentation process that must be implemented to assure data accuracy.
3. Describe the responsibilities of the interdisciplinary team to collect and document essential data on the 5 day admission assessment in the first 7 days of the stay.
4. Discuss policy and procedure content to direct the staff documentation in the medical record during the assessment reference period.
5. Identify the data components for the MDS 3.0 draft to be implemented October 1, 2020.
6. Review management approaches and competency activities related to the documentation and data changes.

Presenter:
Leah Klusch, RN, BSN, FACHCA
Nurse, Educator, Consultant, Speaker
Executive Director, The Alliance Training Center

Leah Klusch received her BSN from Capital University and continued graduate studies in curriculum at Ohio State University. She is the Executive Director of the Alliance Training Center, a nonprofit educational foundation, providing solutions in the healthcare industry since 1989. Leah is a speaker and trainer, consultant and author, traveling nationally. She has also received her Fellowship from ACHCA in 2009 and received their Education Award in 2011. Recently she has also launched a series of MDS web based programs for skilled nursing, rehab, specialty, hospice and home health.
Looking Beyond P.D.P.M.

Significant Challenges and Opportunities for Documentation and Payment

March 17, 2020  |  Founders Union Building  |  Louisville, KY
